

Timely Appointment...

Holly Adams has joined Ipswich based Time Appointments as a trainee recruitment consultant. Ms Adams attended Copleston High School then joined Suffolk County Council as an apprentice and gained NVQ qualifications in Business Administration.

While at Suffolk County Council she worked in a variety of roles and departments, including organisation of school transport and with young offenders.

When she was interviewed at Time Appointments as a candidate for employment elsewhere, she expressed an interest in recruitment and was offered a role within just hours.

Craig Dade, managing director of Time Appointments, said "Holly was an outstanding candidate for our own business. She's very much a people person, a good communicator and enjoys meeting new people. Those are skills that can't be taught, but are essential in the world of recruitment.

"Her enthusiasm for recruitment and her ambition just shone through and we are delighted to have her join our growing team. We've been in business for coming up four years and we now have a six strong team and our reputation and scope is growing."

Away from work Ms Adams recently appeared in the Company of Four's production of *Annie* at the Riverside Theatre in Woodbridge.
